27th Annual Conference ~ 2024

Our theme this year is “Paving the Way for Women in Criminal Justice; Lasting Impressions”. Early guidance, support, and encouragement from another woman in the male-dominated field of Criminal Justice can help pave the way for women in all facets of service. Mentorship is essential in encouraging women entering the field and along her career journey.

Women leaders are challenged beyond the norm both in and outside of the office. Our role models champion professional development, while providing support and compassion. Each presenter in this year’s conference shares their experiences to inspire each of us to develop to our fullest potential so we may leave a lasting impression with our future colleagues.
